ST. LOUIS SCHOOL

Circular No. 291 (16-17)

13th July, 2017

Dear Parents/Guardians,

Re: S1 Summer Sports Training Course

Physical Education and Sport are viewed as an integral part of the development of students in St. Louis School. To encourage active participation, sportsmanship and to promote a healthy lifestyle, the school will organise a series of sports training courses for our new Secondary 1 students during the summer holiday.

The details are as below:

Dates:	19-21, 24, 26-28 July 2017
Time:	9:00 a.m. – 11:00 a.m.
Venue:	Football Pitch at St. Louis School
No. of participants:	50
Fee:	Free of charge

The Summer Sports Training Course involves vigorous outdoor exercises which require physical fitness, endurance and stamina of the participants. Due to safety concern, those students who suffer from chronic diseases (e.g. heart diseases, asthma, diabetes or other serious diseases) or advised by physicians not to perform vigorous exercises are not recommended to take part in the above activity. If your child has any change in health condition during the period of training course, please contact Mr. Kwok Man Chun, the coach, at 9038 1831 as soon as possible.

If the number of participants exceeds fifty, fifty participants will be drawn from a hat and will be notified by phone on or before 17th July, 2017.

We are now asking for your support by allowing your child to take part in the Summer Sports Training Course. Should you have any enquiries, please contact Mr. Ho Cheuk Yin at 2546 0117.

Yu Lap Fun Peter
Principal
