ST. LOUIS SCHOOL

Circular No. 50 (17-18)

22nd September, 2017

Dear Parents/Guardians,

Re: Silver Level Cycling Training

This is to inform you that your son has expressed interest in the St Louis cycling team, which was formed in 2016. We have run a series of training sessions in school and road training outside school last year. This summer, we also have completed a 12-day Tour de Taiwan cycling trip. You may find the pics and stories of those student cyclists on school SL90 website.

Following the success and positive feedback from the student cyclists in our last year adventure, we are going to organize another round of recruitment for our school cycling team members. It is hoped that we can develop students' self-confidence, social skills and physical endurance through the strenuous and demanding training. We are also planning to have an overseas cycling excursion in summer 2018.

Details of St Louis Cycling Team recruitment and cycling training are given below:
