

ST. LOUIS SCHOOL
Circular No. 181 (17-18)

7th February, 2018

Dear Parents/Guardians,

Re: S4 Chemistry Remedial Course 2017-2018 (2nd stage)

In order to help students catch up with their work and to prepare for their examinations, remedial lessons will be organized for S4 students. Our target students are those who have not obtained satisfactory S4 mid-year examination result in Chemistry. Each student should attend 5 remedial lessons in this school term. In these 5 lessons, your child will be given a useful learning package at a cost of \$320. He could watch the well-prepared self-explanatory videos of the learning package at his own pace by using iPads along with his own earphones. Then he is required to complete a tailor-made quiz and submit it to his subject teacher in each lesson.

We hope that by providing the students with these extra learning opportunities, they can establish a stronger foundation in their study. As this additional program is especially provided for helping students to attain better results in DSE Chemistry, we strongly recommend your child to attend all the lessons. We would contact you each time when your child is absent from the course without prior notice and acceptable reasons. The course is fully subsidised by the school but your child may be charged for the learning package if he fails to achieve 80% attendance.

Duration: **Mar 6 – May 8 (Every Tue)**
[Mar 6, 13, Apr 10, 17 and May 8]
