

ST. LOUIS SCHOOL

Circular No. 147(21-22)

10th May, 2022

Dear Parents/Guardians,

Re: S4 Chemistry Remedial Course 2021-2022 (2nd stage)

In order to help S4 students keep up with their work and prepare for their examinations, and with a particular view to succeeding in the DSE, remedial lessons will be organized for them. Our target students are those who did not obtain satisfactory S4 mid-year examination result in Chemistry. Each student will participate in 5 remedial lessons in the second school term. For these 5 lessons, your child will be provided with a useful learning package at the value of \$450 (the cost of which will not be borne by the student unless he fails to fulfill the requirements stipulated in this letter). Your son will be able to watch the well-prepared explanatory videos of the learning package at his own pace at home under the supervision of his subject teacher via webinar. Following this, your son will be required to submit the finished task the next day to his subject teacher after each lesson at home.

We hope that by providing them with such extra learning opportunities, they can establish a stronger foundation for their studies of this subject. As this is a program especially provided for them to attain better results in the Chemistry DSE, we strongly recommend that your child take part in all the lessons. We will also contact you each time if your child is absent from the course without prior notice or acceptable reasons. Your child may also be charged for the learning package if he fails to achieve 80% attendance.

Duration:	May 21 – Jun 18 (Every Sat) at home [May 21 & 28 and Jun 4, 11 & 18]
Time:	9:00 p.m. – 10:30 p.m.
Venue:	Student’s home with camera on via webinar
Teacher-in-charge:	Mr. Leo LI
Fee:	Free of charge (if 80% attendance is achieved)

Please return the following reply slip to Mr. LI on or before **17th May, 2022 (Tue, Day 6)**.

Mr. LI Chi Yip Leo
for the Principal
