

**ST. LOUIS SCHOOL**  
Circular No. 018 (22-23)

25<sup>th</sup> August, 2022

Dear Parents and Students,

**Re: Temperature and Rapid Antigen Test Record**

According to the latest guidelines from the EDB, parents/guardians have to assist their children to complete a Rapid Antigen Test every day in the morning. Students can only return to school if they get negative results. If students test positive, they must not go to school but inform their schools of their positive results as soon as possible and stay at home. They should also report to the Department of Health as soon as possible within 24 hours via the “Declaration System for individuals testing positive for COVID-19 using the Rapid Antigen Test” (<https://www.chp.gov.hk/ratp/#>).

Parents/Guardians should also take their children’s temperature before going to school every day. For the normal body temperature range, please refer to the “Reference Range for Temperature Screening” in the “Guidance Note on Monitoring of Body Temperature” by the Centre for Health Protection. Please browse [https://www.chp.gov.hk/files/pdf/guidance\\_note\\_on\\_monitoring\\_of\\_body\\_temperature.pdf](https://www.chp.gov.hk/files/pdf/guidance_note_on_monitoring_of_body_temperature.pdf). If the student has a fever, he/she must not attend school and should consult a doctor promptly, apply for sick leave, stay at home and rest.

A Temperature and Rapid Antigen Test Record Sheet is attached. Parents/Guardians should record their children’s temperature and results of the RAT daily, and sign the record sheet. The record sheet should be made available for checking when requested by teacher or school staff.

Thank you for your attention.

Dr. YICK Ho Kuen

Principal
