

ST. LOUIS SCHOOL
Circular No. 237a (23-24)

22nd April, 2024

Dear Parents/Guardians,

Thank you for reading this notice which concerns the results your son obtained in the TSA Mock Assessments (English) held in March 2024.

While you may refer to your son for his actual assessment results, I would like to inform you that your son should attend a number of extra lessons on the following dates so that the school can do her best to equip him with more knowledge of the paper(s) he has been found weaker in.

Meanwhile, I would also appreciate your understanding that all English teachers and the school are taking this matter seriously because every student's results count towards the school status as a successful EMI school and her ability of helping her students attain the basic English standard before he completes Secondary 3. Hence these extra lessons are compulsory, and make-up sessions will be organized for absentees.

Please by all means talk to your son and try to understand the reasons for his results. Do encourage him to apply himself during these extra lessons and eventually attain the best possible results. Once your son can consistently reach the required level of competency, he will then be exempt from these extra lessons.

Please sign below for acknowledgement and agreement of this notice. Thank you very much for your attention and cooperation.

Yours faithfully,
CHEUNG Wing Wah Eric
Panel Head of English Language
