Dear Parents/Guardians,

Re: S5 Biology Remedial Course

In order to help students catch up with their work and prepare for examinations, remedial lessons will be organized for S5 students. Our target students are those who have not obtained satisfactory academic results in Biology in S4. Each student will attend 5 remedial lessons in the first school term. We hope that by providing them with extra opportunities, they can establish a stronger foundation in their studies. This is an activity especially tailored for them and we would suggest that they attend all the lessons.

they attend all the lessons.
