We are writing to inform you that your son has been selected to join a weekly English supplementary lesson program which aims at facilitating him to obtain a higher level of English in the 2024 DSE.

Before writing to you, we have screened his results of this subject in 2023-24 and found that if he can make an effort under the close supervision of his English teacher, he will be able to attain a better grade. The teachers of this S.6 form aim at helping your son to obtain a **Level 4**, which can pave his way for a more solid foundation in future education or at work.

RE: Weekly English Supplementary Lessons

We are writing to inform you that your son has been selected to join a weekly English supplementary lesson program which aims at facilitating him to obtain a higher level of English in the 2024 DSE.

Having at least a level 3 in the DSE English language exam is considered a must if your son wishes to proceed to tertiary education. Before writing to you, we have screened his results of this subject in 2023-24 and found that if he can make an effort under the close supervision of his English teacher, he will be able to reach this minimum university entrance requirement. The teachers of this S.6 form aim at helping your son to obtain a **Level 3**. Even if he does not aspire to study in university in 2025, still a more solid foundation of English can pave his way for any success in his future. That is why we have strong reason to believe that your son should accept this learning opportunity.

Please find the dates and time of supplementary lessons below:
