Dear Parents/Guardians,

Re: S4 Biology Remedial Course 2024-2025

In order to help students catch up with their work and prepare for examinations, remedial lessons have been organized for S4 students. Our target students are those who have not obtained satisfactory academic results in Biology in the S4 Mid-year examination. Each student will attend 5 remedial lessons in the second school term. We hope that by providing them with extra opportunities, they can establish a stronger foundation in their studies. This is an activity especially tailored for them and we would suggest that they attend all the lessons.
