

## ST. LOUIS SCHOOL

**Circular No. 169 (25-26)**

19<sup>th</sup> January, 2026

Dear Parents/Guardians,

**Re: S5 Chemistry Remedial Course 2025-2026 (2<sup>nd</sup> stage)**

In order to help students keep up with their work and prepare for their examinations, remedial lessons will be organized for S5 students. Our target students are those who did not obtain a satisfactory S5 mid-year examination result in Chemistry. Each student will attend 5 remedial lessons in the second school term. In these 5 lessons, your child will be given a useful learning package costing \$830. He can watch the well-prepared explanatory videos of the learning package at his own pace using iPads with his own wireless **Bluetooth earphones**. The students are then required to complete the given task and submit it to the online learning and assessment platform for the tutor's marking of each lesson and the inspection of his subject teacher after each lesson.

We hope that by providing students with such extra learning opportunities, they can establish a stronger foundation in their study. As this is a program especially provided for them to attain better results of the DSE Chemistry with the use of an additional resource, we strongly recommend that your son attend all the lessons. We will also contact you each time if your son is absent from the course without prior notice and acceptable reasons. ***Your child may also be charged for the learning package if he fails to achieve 80% attendance.***

Duration:	<b>March 3 – May 5, 2026 (Every Tue)</b> <b>[Mar 3, 17, Apr 21, 28 and May 5]</b>
Time:	<b>Winter Time: 3:50 p.m. – 5:10 p.m.</b> <b>Summer Time: 2:55 p.m. – 4:20 p.m.</b>
