## Words from the Chairman of CPA

I am Chris Chan, the Chairman of the CPA in this academic year. I am honoured and privileged to have taken up this post in the CPA. Throughout the year, the CPA successfully organized various activities including visiting the MTR Academy and the Hong Kong Institute of Surveyors, and attending the local university information days. These activities have broadened the horizons and interests of us. I have also learnt a great deal in administering and organizing activities. I particularly owe my heartfelt thanks to Mr. Chan Chun Ket, Patrick and Mr. Chan Shui Leung, Anthony, the teacher advisors, who gave their endless support and showed their greatest tolerance to me so that I was able to fulfill my duties duly, as the chairperson. Finally, I wish the CPA every success in the future and I promise to show my greatest support and commitment in it.

In this training camp, the most memorable activity was the night walk. Without any lighting gadgets, we were asked to hike up a hill alone in darkness. I felt rather scared and anxious when it came to my turn. When I was half way up in the hill, I desperately wanted to go back to the campsite and sought help. However, I said to myself that I am seventeen years old, so I should be bold enough to face any the challenges. At last, I was really happy when the task was accomplished.

# Visits and Workshops

在參與活動「把握未來大方向 探索專業測量前境」前，我已經打算選擇有關建築的科目，但我仍對於選擇機械工程系還是測量系充滿猶豫，亦感到困擾。我擔心選報該學科後才發現能力不足，未能符合學系的要求。幸好升學及就業輔導組安排我出席不同範疇的專業測量師講座，令我對測量了解加深，清楚明白測量的要求和前景，引起我對建築測量師和產業測量師的濃厚興趣。

最重要的是活動能安排我與專業測量師會談，使我更加確定測量比機械工程更為適合我。令我的困惑完全消失，我有了明確的目標，可以全心全意備戰文憑試，爭取理工大學或城市大學要求的分數，不用再分心於大學聯招選科。

今次參加海洋公園的工作影子計劃獲益良多，當中的工作坊介紹了海洋公園的使命和工作，令我印象最深刻的，原來海洋公園除了營運主題樂園外，也秉持教育的使命。後來職員也提及找工作的三個元素，A(Attitude態度)，S(Skills技能)，K(Knowledge知識)，令我能意識到除了努力讀書外，也要盡早裝備自己。

之後，我們去考察了海豚訓練員的工作，其實這是我憧憬的工作，可惜我不懂游泳。此行了解到他們的日常工作主要是照顧海豚，餵食，還需要細心地檢查身體。

# Study Programmes

## HKU Taster Reflection

This year I attended HKU Taster in December. The programme included an introduction on various faculties such as architecture, engineering, medicine, business and economics. I like the part on engineering the most because the workshop taught about Virtual Reality (VR) and how to use Unity to code 3D games. The games could be even played on cellphones, computers, or even in VR. In the part of medicine, we were taught how to measure blood pressure and given an opportunity to use a stethoscope. In the part on architecture, we were divided into teams and were required to design some building structure in a competition. The winner was awarded. This Taster programme has helped me understand more about HKU and what my interests are.

## DSE畢業生內地實習計劃

我在內地被安排到南沙光大銀行擔任大堂經理，其間負責引導有不同需要的客戶到正確的辦理地點。初來報到的我簡直是戰場上的新兵，不知道每個部門具體的功能，更不清楚自己的責任，第一天的實習便在迷惘之中度過。

幸得當地同事熱情又耐心的教導下，我漸漸清楚內地獨有的社保卡和醫保卡的用途，及客戶如忘記密碼、遺失卡片之類常見問題的處理手法。成為一個能應付大部份客人問題的大堂經理。而在空餘的時間我亦向同事請教一些銀行有關的知識，例如公積金的運作、ETC的功能、各式各樣理財產品的簡介等等，實實在在的擴闊了我的眼界。

古語有云：「讀萬卷書不如行萬里路。」我此行的得著有很多，例如與新朋友的相識相處、到陌生的城市生活、第一次上班實習等.....，以上經歷我相信是看多少書也無可取締的。想要真正認識這個世界、吸收更多的知識的話，必先要有勇氣離開自己熟悉的環境到別的地區遊歷。為此，我很感激香港的文化協會及南沙的青聯給了我一個意義非凡的一個月，讓我真正看得更多更廣。另一方面更期望有躊躇不決的青少年勇敢的邁進一步，參加更多交流團到世界各地增廣見聞。
